

Student Assistant Position (all genders):

Lab Management Support

About BioMed X

BioMed X is an independent research institute located on the campus of the University of Heidelberg in Germany with a world-wide network of partner locations. Together with our partners, we identify big biomedical research challenges and provide creative solutions by combining global crowdsourcing with local incubation of the world's brightest early-career research talents. Each of the highly diverse research teams at BioMed X has access to state-of-the-art research infrastructure and is continuously guided by experienced mentors from academia and industry. At BioMed X, we combine the best of two worlds - academia and industry - and enable breakthrough innovation by making biomedical research more efficient, more agile, and more fun.

The Position

As of April 1, 2023 we are looking for a part-time assistant (20 h / week, mainly afternoons) to support our research teams in the daily lab routines. Responsibilities include reagent preparation, glassware washing and autoclaving, replenishing consumables, assisting with inventory control, general lab maintenance, etc.

Your skills should include good work organization skills, excellent communication skills in English and a general interest in laboratory procedures.

We offer an unlimited part-time contract, flexible working hours, and an international, diverse, and positive work atmosphere.

How to Apply

If you are interested in the position, please submit your application by e-mail before March 31, 2023 to the attention of Benjamin Raeder (br@bio.mx).
